WILL PLAY THREE GAMES NEXT WEEK

A. and M. to Meet Trinity Park, Amherst and Philadelphia Nationals.

[Special to The Times-Dispatch.]
West Raicigh, N. C., March is.—The first week of the baseball season will probably furnish two of the very best and hardest-fought games of the year, as after the opening game with Trinity Park School next Monday, Amherst College of Massachusetts, the only college team to defeat A and M. last season, will be played on Priday, followed by the Philadelphia National League team on Saturday.

The game with Amherst last year was anybody's game until the last man was out in the ninth inning, the score being tied no less than three times during the game. The A. and M. team made more errors in this game than in almost all of the rest of the games put together. Every man on the team this year has made up his mind to win this game with the Massachusetts club and Coach Thompson premises a hot fight for the victory.

game with the Massachusetts club and Coach Thompson promises a hot fight for the victory.

The Phillies defeated the Red and White team il to 0 last year, with Marcrey pitching against Sexton. Next Saturday week Stafford will probably work against the Philadelphia team, and this year A. and M. is determined to score on the big leaguers. The opering game with Trinity Park School will in all probability be a very interesting one, aside from its being the first game of the season, as in Plizgerald and Lowe Trinity Park has one of the very best batteries representing a preparatory school in the State.

The contest being wazed between candifacts for third base coptinues very warm, with the possibility that Speer, varsity second baseman for the greater part of last season, will be shitted to third base, and Patton, a new man, put on second.

Work on the new cinder track which encircles the athletic field was completed the bast week. The track furnishes a straightaway of 120 yards, which will be used for the 100-yard dash and the high hurdles. The state meet Easter Monday morning will be held on the new cinder track.

Efforts are being made by Manager Hinkle to arrange a track meet with the Virginia Polytechnic Institute to be held in Raleigh the first week in May.

The list was made, and it meets the approval of Manager Sullivan, the man who looked over the checks after they had been signed and before they were been signed and before they were put in properly addressed envelopes.

Before printing this list, let me say that it is immaterial to the fan whether one player or another is brought to Richmond. The fan wants a good team, and as he must, in the final summing up, depend entirely upon the management to supply his desire, he lieve that it is official at all, notwithstanding the fact that it has the official stamp of Owner Bradley and the approval of Manager Sullivan. So that, in order to be honest, the list which I am printing to-day, was secured pure-ly for my own personal satisfaction, and to learn whether or not an official list had been given out.

A Few Strtements.

I was informed by Owner Bradley that no official list had been furnished any one; that an official list at this time was impossible; that several men to whom transportation had not been sent might be found on the Michmond checks would not be sent out until it was finally determined by Manager Sullivan whether or not he would ultimately bring to Richmond several men whose names are now signed to a named for his services.
